

Support YOUR  
local hospital  
in your Will

Providing MORE for our patients

Every gift left in a Will,  
however small or large,  
makes a difference

# Our Gift in Wills vision

To fulfil YOUR wishes  
and help provide  
MORE for our patients  
and their families now  
and for generations to come

After you have provided for your loved ones in your Will please consider supporting your local hospital with a gift that will have a lasting impact. Gifts in Wills have supported hospital care since before the creation of the NHS, and continue to allow us to provide additional equipment and comfort for the benefit of our patients.

## Recent Gifts in Wills

At The Countess these have funded the purchases of a breath test machine and a 24 hour blood pressure monitoring device for the benefit of our gastroenterology and diabetic patients respectively. For our Intermediate Care Service at Ellesmere Port Hospital, we have been able to provide the 'shed' – a themed non-clinical environment for the stimulation and relaxation of our patients.

- We have **80 funds** to donate to across the hospital that make up the Charity – each one making a real difference to patient care. A full list of these can be found on our website.

- If legacies are too specific, difficulties can arise. So we respectfully suggest that gifts in Wills be of a more **general** nature.

The majority of our gifts in Wills are left to **The Hospital Fund** which provides the most needed additional equipment or improved facilities for our patients.

- Your Will should specify '**The Countess Charity, Registered Charity No 1050015**' and state whether you wish your gift to be used for a specific area within the hospital or for it to be put towards The Hospital Fund.

**Supporters are increasingly helping us through their Wills because it costs nothing now.**
